

Dear Parents and Carers of Y8

Options 2025

We would like to welcome you to our Options Information Evening on Tuesday 11th February 2025.

During this session we would like all parents to join me in the main hall for a brief presentation on options and then spend some time visiting subject and course leaders to find out more information on the courses your son/daughter has expressed an interest in.

We strongly encourage students to attend this event with you, as it builds directly on the work they have been completing in their RPS lessons recently.

On arrival we will provide a programme setting out where each subject is based, and staff will be on hand to answer questions and present information on the courses they are offering in Key Stage 4.

With so many people attending we would like to split the presentation in the main hall as follows:

5.45pm	Doors open	
6.00pm	Main Hall: Presentation for tutor groups P1 / P2 / G1 / G2 / H1	Students in H2 / D / C tutor groups to visit subject / course teachers
6.30pm	Students in H1 / P / G tutor groups to visit subject / course teachers	Main Hall: Presentation for tutor groups H2 / D1 / D2 / C1 / C2
6.30 – 7.30pm	All students / parents to visit subject / course teachers to gather information and ask questions.	

We hope you will be able to join us for what is an important event in the Year 8 calendar, and we look forward to seeing you on the 11th.

Simon Stocks
