

# Help us PLANT A MILLION TREES

**We have joined a multi-year commitment to help to plant a million trees and combat climate change.**

From Spring 2024 deliveries, every Skoolkit polyester blazer will add a tree to the forest, helping towards the goal of planting a million trees.

Planting is in association with Ecologi – a social enterprise who have, so far, worked to fund over 65 million trees.

Ecologi have tree planting partners, including Eden Reforestation Projects, to ensure that the process is responsible, ethical and transparent.

From Spring 2024, all new deliveries of Skoolkit polyester blazers will feature a swing ticket to highlight that "This blazer plants a tree".

The QR code will give information about the sustainability features of our blazers and show the progress of the forest where "Every blazer plants a tree".

Every Skoolkit blazer is sourced ethically, produced sustainably and now helps to combat climate change, one tree at a time.\*
