Message from the Headteacher

Dear Parents and Carers,

Weekly Roundup

This week, students have been involved in New Forest walks for the Duke of Edinburgh award, Performing Arts trip to see Wicked in Southampton and a trip to Oxford University's St Hilda's College. The focus of assemblies has been on House Games with students deciding which events they will enter for the inter-house athletics competitions which culminate in annual Sports Day on July 9th. Yesterday, the Prime Minister announced that a General Election and it will be interesting to see what the different parties say in their manifestos about their plans for schools, the curriculum, education and child health provision, as well as the levels of funding they will commit to.

Attendance

I am very pleased with the latest attendance data which shows that Wyvern students' attendance is well above local, regional and national averages. You will know from my previous newsletter items that improving

attendance has been a priority, getting "more students in more lessons". Years 8 and 11 have the highest lead over the national average and year 10 has made the biggest improvement, but in all five year groups, absence and in particular, persistent absence, is much lower than average.

Thank you for all your hard work as parents and carers in securing these successes. We are still some way off the pre-pandemic attendance rates which we aim to match. It is important in the second half of the summer term that we keep these efforts up: lots of important assessments and learning occur in the final few weeks of the year, as we consider the most appropriate classes, courses and interventions for next term.

Uniform Donations

In the last few weeks, we have seen an increase in the number of children coming to school with incomplete uniform due to financial pressures facing their parents. Families have not been able to replace old, broken or outgrown uniform items. We do keep a stock of good quality second hand uniform in college so that students do not stand out as different but, sadly, there is a need for even more. As year 11 enter their last few weeks with us, we would be grateful for any donations of uniform in a good condition, including shoes.

We have tried to keep uniform costs down: the compulsory white shirt can be bought in supermarkets, there is the jumper alternative to the blazer and the grey trousers can also be bought in supermarkets. The school skirt is more expensive but it's durable and does not need to be replaced very often. I would be very grateful if you could donate uniform items to help other families - they can be brought into reception and will make a very real difference to the day to day experience of students at school.

Safeguarding in Sports Clubs

This week's safeguarding guidance is linked to this topic of Sport in Community Clubs. Every week millions of young people play sport, many of whom do so with organised clubs and organisations. Participating in sports should be - and overwhelmingly is - a positive experience, thanks to the volunteers who give up their valuable time to lead it.

In the last 12 months there have been allegations of historic child abuse in the academies of famous football clubs but safeguarding should be seen in its broadest sense: emotional abuse can be in the form of repeated criticism or the undue pressure to perform at unrealistically high standards. Physical abuse can include making a child perform when they are injured, encouraging them to use harmful substances to enhance their performance or making them train at a level they are not physically ready for. Every club should have a safeguarding or wellbeing officer who you can report concerns too or raise any questions.

With best wishes
Mr Rule

Translating into Success

Congratulations to Amelia in Year 11 who has been awarded a commendation from the Anthea Bell Prize for Young Translators for the South East. Amelia entered in April 2024 and had to work quickly on her entry as the deadline was close. Amelia and Mrs Gough came across the competition during a careers interview as Amelia wanted to know what outreach activities St Hilda's College Oxford were doing and the competition grabbed her attention. She applied straight away.

Over 16,000 students were involved in the prize in 2024 and they received over 3,600 entries to the competition. The judges all remarked on the high standard and wonderful creativity on display. The college will publish names of winning students on their webpage on 5 June 2024.

The Anthea Bell Prize for Young Translators competition was launched in 2020 by the Translation Exchange at The Queen's College, Oxford. The competition is inspired by the work of the translator Anthea Bell OBE (1936–2018), one of the finest and most influential literary translators of the 20th and 21st centuries.

The competition promotes language learning across the UK and inspire creativity in the classroom. By providing teachers with tools to bring translation to life, and introducing more authentic texts into the classroom, they hope to motivate more pupils to study modern foreign languages throughout their schooling and beyond. Students are encouraged to use visual and aural clues to interpret poems and produce their own creative translations by producing images or recreating sounds.

Year 10 Notices

- **Trial Exams.** Year 10 students will begin their year 10 trial exams on Tuesday 11th June 2024 through to Thursday 20th June 2024. In a recent assembly (Friday 24th May) we shared the details of the exam period and the format they will take to ensure students are clear on the schedule and the way in which the examinations will be conducted. Students know that examinations begin as they enter the 'venue' and that no communication or disturbance can be permitted.

This year the exams will all be conducted in the Sports Hall or classrooms for students with access arrangements, so that they become familiarised with the venue in which they will sit their public examinations a year from now. These examinations will allow us to assess students' performance on full GCSE papers in full GCSE conditions, thereby helping us provide quality, up to date information regarding their current position and an up-to-date projected final grade for the end of Y11.

[For more information please click here for a copy of a letter that will be sent home this week to confirm all details.](#)
