Message from the Headteacher

Dear Parents and Carers,

Mental Health Awareness week

This week is mental health awareness week. The latest Hampshire and Isle of Wight Health and Wellbeing School Surveys found that around a third of primary students, and half of secondary students, said they 'worry a lot' all or most of the time. Stress and anxiety might be more intense at the moment due to the pressures of exam season. This is a great opportunity to talk about anxiety. To help you as parents and carers, I thought it would be useful to share some very useful contacts and resources, should you need to use them:

- **Kooth** is a free, safe, anonymous online counselling and emotional wellbeing support service for 11-25-year-olds in Hampshire with no referral needed. Students can sign up this week and access community discussions, content, and moderated live forums all about anxiety and coping
- **ChatHealth** free messaging service for parents and carers and children and young people aged 5-19 to text a School Nurse in Hampshire
- **SHOUT** provides free, 24/7 mental health support by text. Text HANTS to 85258

In partnership with Anna Freud, the government has recently launched a resource page for parents and carers to support the attendance of pupils experiencing mental health and wellbeing difficulties.

Safeguarding: sextortion

Sextortion is a type of blackmail in which the offender threatens to disclose sexual content about the victim, including videos and photos unless the victim pays money to prevent them doing so. Individuals pretending to be children of the same age build a relationship with them online and once trust is established they begin to ask for intimate images or information. The victim send the requested content. Self-generated child sexual

abuse material (CSAM) refers to instances where a child produces images or videos of themselves or agrees to someone else creating such content.

Often the victims of sextortion feel they have done something wrong and they are to blame when in fact they are the victims of coercive, grooming, manipulation. With the capability to generate highly advanced Artificial Intelligence images, children faced additional risks for criminals to exploit fake images to extort or bribe them. "Deepfakes" refer to AI-generated images where one person's face is substituted with another. These images can be very realistic, making it hard to distinguish between what is real and what is fake. All of this shows the importance of basic e-safety for students; to be wary of forming close relationships on-line with people who they have not met; to not share naked images of themselves to anyone on line and when finding themselves in any form of trouble online to report this to trusted adults. It was quite scary, really, that so many online dangers now exist for young people, emphasising the need for parental checks on what children are doing online.

With best wishes
Mr Rule

General College Notices

- **Music Lessons 2024 2025** - The sign- up form for instrumental lessons is now available via parentmail. Please ensure you complete this by Friday 30th June in order for your child to be on the instrumental timetables for September. This is for continuing students and also includes any new students wanting to sign-up.
- **Musical Instrument Hire** Hampshire Music Service offers a wide range of quality student-level instruments for hire for only £26 to £36 per term. This is an excellent opportunity for pupils to try an instrument for the first time. For children who start lessons on a smaller instrument, the scheme is a cost-effective way of changing to a bigger instrument when they are ready. You do not need to be taking lessons from an HMS teacher. [Click here to find out more.](#)
- **Wyvern Variety Show – 6th June** - tickets will be available now on [Ticketsource](#). See the poster at the bottom of this newsletter.
- **Railway Safety Information for Parents.** Network Rail in partnership with Learn Live are working to help raise awareness by educating students about the dangers of the train tracks through interactive digital delivery. They want to get three simple messages across:
 - Being on the railway tracks is extremely dangerous
 - Trains can run at any time of day or night, even when not shown in the timetable, or on station information displays, or online.
 - On the Wessex and South Western Railway network trains are powered by a 'third rail' which carries 750v of electricity. This is always live, even when there are no trains running.They have asked us to share the relevant safety videos with parents who can watch it at home. The session is less than 15 minutes and explains why it is important to stay safe near the tracks. [Please click here to view the safety video.](#) Over 19 million students, parents and teachers from across the UK have already watched these videos which has led to a significant decrease in the number of incidents in their area through watching the safety videos.

Year 10 Notices

- This week we have invited a guest speaker to discuss and outline Apprenticeships with Year 10. As we get closer to ending the year thoughts turn to applying for colleges and what the future looks like after school. Apprenticeships are an excellent way for young people to learn and develop whilst earning a wage. Many of our local colleges support students learning through their apprenticeships, and can offer students a free way of gaining qualifications.

Please see the Government advice on how apprenticeships work Become an apprentice: [How apprenticeships work - GOV.UK \(www.gov.uk\)](https://www.gov.uk/guidance/how-apprenticeships-work). If you have any questions please do not hesitate to contact our Careers Officer Mrs Gough for more information.

Written exams are now well underway for Year 11, we remain super impressed at the dedication of those attending P6 and Saturday sessions alongside their own revision, it really is to be commended!

Thank you for all the continued effort on the home front in making sure uniform is as it should be for exams, jewellery stays at home and that students are knuckling down and revising! The half term break is in sight for students, teachers and parents!!!
