

Final Annual Activity Survey 2023

Please find enclosed/attached the finalised 2023 Annual Activity Survey for your School.

The Activity survey booklets are produced taking the basic information that is submitted to the DfE as part of the statutory activity survey return on 31st January and adding in additional information that we hope will be of use to you.

The cohorts for the booklets are for those young people who completed Year 11 with you in the last academic year (the cohort for the Activity Survey is based upon the Year 11 September Guarantee cohort).

The survey records the activity we have them as being engaged in as of the **1st of November 2023**.

The category 'Other' includes young people whose destination is unknown or who have moved out of the area to an unknown activity, who are being supported to enter Education, Employment or Training (EET), or have the RPA status of 'Temporary Break'.

Hampshire Futures have made efforts to contact all young people who completed statutory education last year but in some instances this has not been possible. Any additional information you can provide to us to increase the quality and accuracy of the data will be gratefully received.

If you have any questions about the information within the booklets, please contact us via the following email careers.service@hants.gov.uk with '**Final 2023 Activity Survey**' in the subject of the email.
